Design by Yukio Hashimoto

Made in Japan

WARNING! All VELLUX lighting products are designed for use with intended electrical supply specifications. For safety, please check the power supply rating in your country before using the lighting products. For lamps with small lampshade, use bulb with lower wattage to reduce the risk of fire. Use only DIMMABLE bulb for lightings designed with dimming control function. Use of non-dimmable bulb will damage the dimming control electronic driver and void the warranty. All suspension lamps are fitted with standard cable length of 150cm which allow adjustment to different ceiling height. Cable length can be extended at nominal charges. The stated dimension, height (h) for the suspension lamp is excluding the length of the cable.

WARRANTY - Standard one year carry-in (table & floor lamps) and on-site (suspension lamp) from the date of delivery. Please check with your local agent for details.
